PUBLIC WORKS DEPARTMENT.

Bombay Castle, 30th April 1940.

No. 1867/36-I.—In exercise of the powers conferred by section 3 (*1*) of the Indian Electricity Act, IX of 1910, the Government of Bombay is pleased to sanction the following license under the aforesaid Act being granted to Mr. Narayan Dattaram Nerurkar for the supply of electrical energy in the areas and with the powers and upon the terms and conditions specified below :— INDIAN ELECTRICITY ACT, IX OF 1910.

THE HAVERI ELECTRIC LICENSE, 1940.

LICENSE GRANTED BY THE GOVERNMENT OF BOMBAY FOR THE SUPPLY OF ENERGY UNDER THE INDIAN ELECTRICITY ACT, 1910.

License.—License is hereby granted to Mr. Narayan Dattaram Nerurkar, carrying on business as Electrical Contractor and having his registered office at Thalakwadi, Belgaum, to supply energy in the area with the powers and upon the terms and conditions specified below :—

1. *Short title.*—This license may be cited as " The Haveri Electric License, 1940 ".

2. *Interpretation.*—In this license—

(1) " Act " shall mean the Indian Electricity Act, 1910 ;

(2) " rules " shall mean the rules made under the Act ;

(3) " licensee " shall mean and include the said Mr. Narayan Dattaram Nerurkar and his permitted assigns ;

(4) " deposited map " shall mean the plan of the area of supply as hereinafter specified, which has been deposited with Government in pursuance of the rules, which plan is signed, for the purpose of identification, by the Secretary to the Government of Bombay in the Public Works Department and by the licensee ;

(5) " The commencement of this license " shall mean the date of the notification by the Government of Bombay in the *Bombay Government Gazette* by which this license is granted ;

(6) " Government " shall mean the Provincial Government of Bombay ;

(7) words and expressions not defined in this license but defined in the Act or the rules shall have the meaning assigned to them in the Act or the rules as the case may be.

3. *Area of supply.*—The area within which the supply of energy is authorised by this license, hereinbefore and hereinafter referred to as " the area of supply ", shall be the whole of the area comprised within the municipal district of Haveri which is shown by a green-coloured line on the deposited map, and is bounded as follows :—

North—By fields bearing Survey Nos. 246, 247, 272, 271, 270, 266, 265, 268, 269 and 304-B.

(*b*) In the case of any difference between the description of the streets mentioned in sub-clause (*a*) of this clause and that indicated on the deposited map, the latter shall prevail.

5. *Revocation of license.*—If the licensee fails to comply with the provisions of sub-clause (*a*) of clause 4, the licenso shall be liable to be revoked.

6. *Purposes and limitation of supply.*—(A) Subject to the provisions of this license, the Act and the rules, the licensee shall be entitled during the continuance of this license to supply energy within the area of supply for all purposes, and in bulk and to other licensees for their own purposes.

(B) The licensee shall within three months from the commencement of this license submit for the sanction of Government the following :—

(*a*) The form of requisition to be made by an owner or occupier of premises or a distributing licensee for the supply of energy ;

(*b*) The form of written contract or agreement to be executed by such owner or occupier or distributing licensee in favour of the licensee for taking a supply of energy ; and

(*c*) The rates of all miscellaneous charges which the licensee proposes to levy from such owner, occupier or distributing licensee as incidental to or in connection with such supply.

(C) Clauses V, VI, VII, IX, X and XI of the Schedule to the Act shall, wherever necessary, be read as expressly added to or varied to the extent set out in sub-clause (B) of this clause.

(D) The licensee shall not supply energy to any premises unless the owner or occupier of such premises has satisfied the licensee that all work including repairs relating to electric wires, fittings and

apparatus, on such premises, has been carried out by a licensed electrical contractor and under the supervision of a Competency Certificate holder under the rules or orders issued by Government in this behalf, or by such other person as may be authorised to carry out such works under rule 48 of the rules and clause VI of the Schedule to the Act shall be deemed to be modified accordingly.

7. *System of supply.*—(A) The system of supply of energy which may be adopted for the purpose of this license shall be the following :—

I—Direct Current.

For general purposes, viz. lights, fans, heaters and refrigerators—

(*a*) a continuous current low pressure supply at a consumer's terminals at a pressure of 220/230 volts between one of the outers and the middle conductor of a three-wire system, the middle conductor being connected to earth at the generating station, but insulated at all other parts ; or

(*b*) a continuous current low pressure supply at a pressure of 220/230 volts between the conductors of a two-wire system.

For power purposes—

(*a*) a continuous current medium pressure supply at a pressure of 440/460 volts between the outers of the three-wire system ; or

(*b*) a continuous current low pressure supply at 220/230 volts between the conductors of a two-wire system.

II—Alternating Current.

Single or three-phase, three or four wire, periodicity fifty cycles per second. The pressure of supply at the consumer's terminals shall be as under :—

(*a*) 230 volts between each phase and neutral for general purposes, viz. lights, fans, heaters and refrigerators ;

(*b*) 400 volts between phases for motive power purposes and purposes other than those specified in (*a*) above ; and

(*c*) any pressure up to 6,600 volts for feeders and for supply to any large consumers for power purposes :

Provided always (i) that the licensee may from time to time with the previous consent in writing of and subject to such limitations and conditions as may be prescribed in writing by Government adopt any other system of supply for the purpose of this license and (ii) that no high tension mains shall be brought within or near the populated areas without the specific sanction of Government in each case.

(B) The feeders, distributing mains and service lines may be laid overhead or underground but wherever and whenever specifically required to do so in writing by Government, such feeders, distributing mains or service lines shall be laid underground :

Provided that—

(*a*) no work or works shall be commenced by the licensee unless and until the method of construction has been previously approved in writing by the Electrical Engineer to Government;

(*b*) where overhead mains are used, they shall nowhere be at a height of less than thirty feet from the ground level of the streets at all crossings in all the routes where *raths* or *tabõots* or other similar religious processions are likely to pass. In cases of dispute such routes and heights shall be determined by the District Magistrate;

(*c*) in narrow lanes or streets the poles for overhead mains shall be placed on the extreme edge of the lane or street and a special construction to be approved by the Electrical Engineer to Government shall be adopted to keep the wires clear of every building;

(*d*) no poles for overhead lines shall be erected in streets or thoroughfares which are less than ten feet in width for vehicular traffic; and

(*e*) nothing in this license shall authorise the licensee to use overhead mains at a pressure higher than the medium pressure without the written sanction of Government in each case and subject to any conditions or limitations which Government may prescribe in that behalf.

(C) Due precautions shall be taken to avoid any possible interference with the adjacent telephone or telegraph circuits due to inductive effects. The electric wires shall be suitably transposed where necessary.

(D) For the purpose of rule 68 (2) of the rules, the maximum wind pressure shall be taken as fifteen pounds per square foot.

8. *Generating, receiving, transforming and distributing stations.*—(*a*) The generating, receiving, transforming and distributing stations shall be within the area of supply.

(*b*) The licensee shall employ a resident Electrical Engineer in technical charge of the undertaking and the appointment of such an Engineer shall have the previous approval of the Electrical Engineer to Government, Public Works Department, Bombay.

9. *Rates—Limits of prices to be charged.*—The rates to be charged by the licensee for energy supplied by him shall not exceed the maxima set out below, or in the case of a method of charge approved by Government under clause (*c*) of sub-section (*3*) of section 23 of the Act such maxima as Government may fix on approving the method, namely :—

(A) Where energy is supplied by meter—

(1) For general supply purposes, viz.—

(*a*) for lights and fans—A rate of annas six per unit;

(*b*) for heating and refrigerating purposes—A rate of annas two per unit.

(2) For motive power purposes and purposes other than those mentioned in items (1) (*a*) and (*b*) above and (3) below :—

Up to and including 3 K.W.—A standing charge of Rs. 3 per K.W. connected per mensem plus annas 2 per unit.

Over 3 K.W.—A standing charge of Rs. 2 per mensem for every additional K.W. connected plus anna one and pies six per unit.

(3) For motive power for purposes of agriculture and small industries—A standing charge of rupee one per K.W. connected per month plus anna one per unit provided the annual consumption of energy amounts to 5,000 units, the actual cost of service required for delivery of energy being borne by the consumer; should energy amounting to 5,000 units be not consumed during the year, the rates stated in sub-clause (A) (2) shall apply.

Note.—The term "unit" occurring in this sub-clause shall mean the energy contained in a current of 1,000 amperes flowing under an electromotive force of one volt during one hour.

(4) A minimum charge of rupee one per mensem in the cases referred to in item (*a*) of sub-clause (A) (1) of this clause shall be charged exclusive of meter rent and irrespective of whether energy of that value has been consumed or not.

(5) *Meter rent.*—The rent to be charged for meters shall not exceed—

Annas Six per month for a D.C. meter of 220/230 volts.

Annas Twelve per month for a D.C. meter of 440/460 volts.

Annas Four per month for a single phase A.C. meter.

Annas Eight per month for a polyphase A.C. meter.

(B) Where energy is not supplied by meter, a fixed rate of Rupee one and annas eight per mensem shall be charged for a twenty-watt light and rupee one for every additional twenty-watts or part thereof burning for not more than six hours per night.

(C) In the case of large consumers, contracts may be made for fixed periods at such rates not exceeding the rates specified in sub-clause (A) of this clause as may be agreed upon.

(D) Without prejudice to anything contained in the above sub-clauses, the licensee may at any time enter into a special contract with the Municipality of Haveri for the supply of energy to the said Municipality for public lighting upon such terms and conditions and at such rates not exceeding the maxima charges specified above, as may for the time being be mutually agreed upon.

9-A. Notwithstanding anything contained in any contract or agreement entered into by the licensee with individual consumers

in pursuance of the sanction granted by Government Notification, Public Works Department, No. 6451/27, dated the 5th November 1934, and subsisting on the date of the commencement of this license, the rates to be charged by the licensee to such consumers for energy supplied after the commencement of this license, shall not exceed the maxima rates leviable under clause 9 of this license.

10. *Agreement between the licensee and the Managing Agents.*—The licensee shall not enter into an agreement with Managing Agents, if any, or make any modifications to such agreement already entered into, unless with the previous consent in writing of the Government. The Government shall also have the right to examine any agreement between the licensee and the Managing Agents, if any, and to require suitable modification therein as a condition precedent to Government granting any consent as required by section 9 (*2*) of the Act.

11. *Breaking up of streets.*—The length of trenches to be opened on any street at any one time, and the period for which they may remain open, shall be determined from time to time by Government or the local authority by which such streets are repairable.

12. *Breaking up of railways.*—In pursuance of the provisions of sub-section (*5*) of section 12 of the Act, the licensee is hereby specially authorised within the area of supply to break up the soil and pavement of the portions of the Madras and Southern Mahratta Railway, so far only as concerns, level-crossings and the portions of the said railway running along the highway. Any difference or dispute arising between the licensee and the said railway by reason of the exercise by the licensee of the powers conferred on him by this clause shall, subject to the provisions of sections 13 and 16, be determined by Government whose decision shall be final.

13. *Purchase of the undertaking.*—(A) The option of purchase given by sub-section (*1*) of section 7 of the Act shall be exercisable first on the expiration of thirty years from the commencement of this license and thereafter on the expiration of every subsequent period of ten years therefrom. The percentage of the value of the lands, buildings, works, materials and plant of the licensee referred to in sub-section (*1*) of section 7 of the Act which shall be added to such value under the second proviso to that sub-section on account of compulsory purchase shall be ten per centum.

(B) In accordance with clause (*d*) (*ii*) of sub-section (*2*) of section 3 of the Act, it is hereby declared that the generating station belonging to the licensee and used in connection with the undertaking or where energy is purchased from any other person or company, the receiving and distributing sub-stations used in connection with the undertaking, shall form part of the undertaking for the purpose of purchase under section 5 or section 7 of the Act.

14. *Assignment of the license.*—At any time after the commencement of this license the licensee may, with the previous consent in writing of Government, and subject to compliance with

such conditions upon which such consent may be given, assign this license and transfer the whole of the undertaking in respect of which this license is granted (including all lands, buildings, works, materials and plant of the licensee) to any individual or company formed or to be formed and registered in the Province of Bombay in accordance with the law for the time being in force in British India, or, in Great Britain under any enactment relating to companies for the time being in force there and having authority to take over the license and the said undertaking as the case may be and to exercise the powers and perform the obligations given to or imposed upon the licensee under this license, the Act and the rules, and on such assignment and transfer the rights, powers, authorities, obligations and liabilities of the licensee shall be exercisable by and shall attach to such individual or company formed or to be formed as aforesaid.

15. *Exemption from security.*—In pursuance of clause (*f*) of sub-section (*2*) of section 3 of the Act, it is hereby expressly declared that clause I of the schedule to the Act shall be exempted from incorporation in this license.

16. *Submission of annual accounts.*—The licensee shall submit annually to Government before the 1st October, the accounts of the undertaking made up to the 31st March of the same year in the forms set forth in Annexure V to the Indian Electricity Rules, 1937, together with a statement showing the technical and financial data in the form prescribed by Government.

Dated this thirtieth day of April, One thousand nine hundred and forty.

2. The Haveri El.License, 1940, has been granted to Mr.N.D.Nerurkar. Mr.Nerurkar was previously operating under a sanction granted to him under sec.28 of the I.E.Act, which sanction has been revoked with effect from the 30-4-1940, i.e. the date of the license. Mr.Nerurkar now requests p9 the approval of Govt. to the assignment of the license to the Haveri Power Coy.,Ltd., a private limited Coy., proposed to be formed and registered in Bombay. Mr. Nerurkar may be asked to furnish Govt. with details of the terms on which it is proposed to assign the license and also with a copy of the Memo.and Articles of Assocn. of the Coy.

2. The Haveri El. License (P1-8) was granted to Mr.N.D.Nerurkar on the 30-4-40. Mr.Nerurkar was previously operating under a sanction granted to him under Sec.28 of the I.E.Act, 1910, which sanction was revoked with effect from the date of the license. In July 1940, Mr.Nerurkar (P9) asked for the consent of Govt. to the assignment of the license to the Haveri Power Coy.Ltd., a private limited company, proposed to be formed and registered in Bombay. Subsequently however he requested (P25) Govt. that he may be allowed to assign the license to one Mr.P.N.Agate. Before the request was considered further, Mr.Nerurkar was asked (P29) to furnish Govt. with details of the terms on which it was proposed to assign the license to Mr.Agate. From the draft indenture (Pp.33-37) now furnished by him it will be seen that that he has agreed to transfer the license and the undertaking to Mr.Agate in consideration of the sum of Rs.48,000/- which has been paid to him.

3. According to condition No.(4) of the conditions laid down in the Press Note dated the 21-9-38, no license shall be transferable except to a company which may be floated for the purpose and then only on the basis of actual expenditure incurred by the licensee in securing the license and of any other capital expenditure incurred. It has been decided that the new conditions

should ...

should not be enforced in the case of the conversion of a sanction into a license, except the condition regarding the Managing Agency agreement. In the present case the sanction has however already been converted into a regular license and it is open to Govt. now to enforce the provisions of condition No.(4) refd.to above in this case as in the case of other licenses.

4. As stated above, the license is proposed for the present to be transferred to one Mr.Agate and not to a company as laid down in condition No.(4) refd.to above. In this connection attention is however invited to the El.Engr's reports dated the 5-10-39 and 14-2-1940 on pp.135 to 169 of file No.1867/36. It was then intended that the license when granted would be assigned to one Mr. Wemboo who had promised to put the entire system into proper condition. The El.Engr.to Govt.has reported p13 that Mr.Wemboo and Mr.Agate are business partners and Govt.may perhaps agree, as a special case, to the assignment of the license to Mr. Agate.

5. The next point for consideration is whether the transaction amounts to any financial gain to Mr. Nerurkar and if so, to what extent. The license and the undertaking are to be transferred for a consideration of Rs.48,000/-. p33 It is not known what expenditure has been actually incurred by Mr.Nerurkar in connection with the scheme ...

scheme and it is for consideration whether any further details should be called for in this connection.

6. The El.Engr.to Govt.may see the papers u.o. for favour of advice in the first instance.

2. In view of the Secy's note dated the 7-5-1941, a brief history of the case, with exact points on which orders are reqd., is given below.

3. The Haveri El.License was granted to Mr.N.D.Nerurkar on the 30-4-1940. Mr. Nerurkar was previously operating under a sanction granted to him under Sec.28 of the I.E.Act, 1910, which sanction was revoked with effect from the date of the license. In July 1940, Mr.Nerurkar asked for the consent of Govt. to the assignment of the license to the Haveri Power Coy.Ltd a private limited Coy. proposed to be formed and registered in Bombay. Subsequently, however, he requested Govt. that he may be allowed to assign the license to one Mr. P.N.Agate. At the instance of Govt., Mr. Nerurkar has furnished a draft of the proposed sale deed with Mr.Agate. It appears from the deed and the further details since submitted by Mr.Nerurkar that the license and the undertaking will be transferred in consideration of a sum of Rs 48,000 which is arrived at as under:-

Total value of the property	Rs	59,020
Less depreciation. ...	Rs	10,618
Net value ...	Rs	48,402
or say	Rs	48,000

The El.Engr. to Govt. has scrutinised the details furnished by Mr.Nerurkar and has certified that the cost of the undertaking viz. Rs 48,000 is reasonable. As the transaction does not amount to any financial gain to the licensee, there seems to be no objection on this score to the transfer of the license to Mr.Agate.

4. According to condition No.(4) of the

4696/36

conditions laid down in the Press Note dated the 21-9-1938, no license shall be transferable except to a Coy.which may however be floated for the purposes. It has been decided that the application of the new conditions should be dispensed with in the case of the conversion of a sanction into a license,except the condition re: the managing agency agreement,vide notes on pp. 121-125 of file No.1867/36 put up. In the present case the sanction has already been converted into a license without the imposition of the new conditions. Clause 14 of the license provides that at any time after the commencement ofthe license,the licensee may, with the previous consent in writing of Govt.and subject to compliance with such conditions upon which such consent may be given, assign the license or transfer the undertaking to any individual or company formed or to be formed for the purpose.Before the license was granted,it was arranged that Mr.Nerurkar would, after the grant of the license, transfer it to Mr.Wemboo who had promised to put the entire system into proper condition. Pl.see in this con. the El.Engr's reports dated the 5-10-1939 and the 14-2-1940 in file No.1867/36 - pp.135 and 169. The El.Engr.to Govt.has reported that Mr.Wemboo and Mr.Agate are business partners and Govt.may perhaps agree to the assignment of the license to Mr.Agate.

GOVERNMENT OF BOMBAY.

PUBLIC WORKS DEPARTMENT.

Resolution No. 4696/36.

Bombay Castle, 12th November 1942.

D-1 Letter, dated the 16th July 1940 from Mr. N. D. Nerurkar, Licensee, The Haveri Electric License, 1940:—

"With reference to the above license granted to me under *Bombay Government Gazette* notification, dated 30th April 1940, I hereby request permission to assign the license together with the rights, powers, authorities, obligations and liabilities of the same, to the Haveri Power Company Limited, a private limited company, which is proposed to be formed and registered in Bombay.

The Managing Director of this Company will be Mr. P. N. Agate, B.Sc., A.M.I.E.E., M.I.E. (Ind), Chartered Electrical Engineer, Bombay.

Since it will be in the public interest to hasten fulfilment of the conditions granted by the license, I beg to request that early approval of the Government to the assignment may be accorded as provided in paragraph 14 of the license."

Read Government Letter, No. 4696/36-M, dated the 6th August 1940, to Mr. N. D. Nerurkar.

Read letter from the Haveri Electric Supply Company, dated the 15th August 1940.

Government Letter No. 4696/36-M, dated the 29th August 1940, to Mr. N. D. Nerurkar:—

"With reference to letter dated the 15th August 1940 from the Haveri Electric Supply Company (copy enclosed), I am directed to state that a copy of the memorandum and Articles of Association of the Company, together with details of the terms on which it is proposed to assign the license, may be furnished to Government, when ready. The question of giving consent to the assignment of the license will be considered further on receipt of the documents in question.

"2. * * * * * * *.

"3. It is requested that until the license is actually assigned to the Company, all correspondence with Government should be conducted by yourself and not by the Company."

D-2 Letter from Mr. N. D. Nerurkar, dated the 22nd October 1940:—

"In our letter, dated 15th July 1940 we had sought permission from you to transfer the above license in the name of Haveri Power Company Limited, but in order to facilitate the work quite smoothly we hope you will be pleased to allow us to transfer the said license in the name of Mr. P. N. Agate, B.Sc., A.M.I.E.E., M.I.E. (Ind), who is the Managing Director of the Haveri Power Company, Limited.

We hope you will be pleased to grant the above permission at a very early date."

Dear Sir,

SUB: Haveri Elec. License 1940.

Herewith I request you to let me have your consent to assign the above License to Mr. SIDRAMAPPA ANDANAPPA MANVI Proprietor Manvi Bros. of Gadag. Mr. S. A. Manvi is already well known to you as a holder of other elec. Licenses in this province. The value agreed upon is Rs.48,000/-/-. A copy of the agreement is enclosed herewith for your information. The transfer of the License to Mr. S. A. Manvi may kindly be gazetted at the earliest possible opportunity.

Thanking you in anticipation,

2. The Haveri El. License was granted to Mr.N.D.Nerurkar on the 30-4-40. The license was subsequently assigned by --- Mr.Nerurkar to Mr.P.N.Agate in consideration of sum of Rs.48,000. This sum has been certified as a reasonable cost of the undertaking, deriving no profit to the licensee.

3. Mr.Agate now requests for the --- consent of Govt. to a further assignment of the license and the undertaking to Mr.S.A.Manvi of Gadag, in consideration of the sum of Rs.48,000. Clause 14 of the license provides that at any time after the commencement of the license, the -- licensee may with the previous consent in writing of Govt. and subject to --- complianace with such conditions upon -- which such consent may be given assign the license and transfer the undertaking to any individual or company, formed or to be formed for the purpose. Mr.S.A.Manvi to whom it is proposed to assign the -- license also holds the Gadag El. License, the Byadgi El. License and the Ranebennur El. License. The proposed assignee appears therefore to be in position to carry on the obligations imposed by the license. Mr.Agate does not also seem to derive any financial gain from the transaction. The request of Mr.Agate may be granted. The El. Engr. to Govt. may however see these papers for remarks before tne necessary draft is put up.

It is rather difficult to understand how the license is being transferred without any margin of profit or commission. The papers can not reveal these points, of course, but and Mr Agate does not state why he purchased initially — why he is transferring to-day. can he be asked to say why?

2. . .X According to condition No.3 of the Press note dated the 7-12-42 no license -- shall be transferable on the basis of -- actual expenditure incurred by the licensee in securing the license and of any capital expenditure incurred. In view of this Mr.Agate cannot receive more than what he paid viz. Rs.48,000/-.

3. Owing to the present abnormal rise in prices of electric material, Mr.Agate may not find it profitable to run the concern as expected. Mr.Manvi is already running three el. concerns & may be able to run the new concern more economically. However, there is no -- objection to Govt. making a refce. to Mr.Agate in the matter. The necessary draft is put up.

Dear Sir,

Your Ref. No. 4696/36-M.
Re. Haveri Electric Licence, 1940.

In reply to your letter of 17th instant, I beg to state it is due to change of circumstances, mainly due to war conditions that I am compelled to transfer the undertaking. This licence was initially meant to be a part of the bigger scheme, I had in my mind. I however do not see any prospects of bringing about the original scheme into operation for a considerable time and hence I thought it fit and proper to pass on The Haveri Licence to a party that could manage it with benefit to self and also ~~the~~ the town of Haveri.

I believe that this explanation will be found satisfactory. If more details are required, I shall be ~~obliged~~ glad to call on you and let you have all the details that you might want.
